ABOUT ME

I'm a Computer Science Bachelor Graduate with strong analytical skills and a solid foundation in software development, problem-solving, and modern technologies. Highly motivated and adaptable, seeking an entry-level office or corporate role where I can contribute professionally while continuing to grow and learn.

WORK EXPERIENCE

Suncorp - AAMI Insurance

Jan. 2021 – Dec. 2022

Customer Service Specialist – Part Time

Melbourne, VIC (Hybrid)

- AAMI Insurance, part of Suncorp, is a leading provider of car, home, travel, and small business insurance in Australia.
- Delivered end-to-end customer support in a fast-paced inbound call centre, managing both sales and service inquiries.
- Operated and navigated a Linux-based internal system, quickly learning complex software workflows.
- Demonstrated excellent problem-solving skills by resolving technical and customer issues efficiently.
- Developed strong communication and collaboration skills while working in a hybrid environment.

Insignia Financial

Apr. 2023 – Apr. 2025

Customer Solutions Specialist – Part Time

Melbourne, VIC (Hybrid)

- Insignia Financial Ltd provides a broad range of financial services, focusing on superannuation and investment management in Australia.
- Processed beneficiary checks and conducted accurate data entry across financial records.
- Verified and cross-checked sensitive information to ensure data integrity and compliance.
- Contacted superannuation holders to assist with administrative tasks and clarify documentation.
- Maintained detailed records and performed updates in internal systems with high accuracy.
